

Logging Into the SRE Coordinator Community

The link that you will use to access the SRE Coordinator Community is (bookmark this for later):
<https://youthworks.my.site.com/srecoordinators>

First Time Getting Set Up

When you are first set up as a coordinator you will receive an email containing a link inviting you to join the “SRE coordinators Community”.

Click on the link and you will be taken to either the SRE Coordinator Community login page or to create a password to log in.

The image shows a login form for the Youthworks SRE Coordinator Community. At the top is the Youthworks logo, which consists of a red circle with a white 'Y' inside. Below the logo, the text 'youthworks' is written in a bold, lowercase font, and 'SRE COORDINATOR COMMUNITY' is written in a smaller, uppercase font. Below this, there are two input fields. The first field is labeled 'Username' and has a person icon to its left and a clear button (three dots) to its right. The second field is labeled 'Password' and has a lock icon to its left and a clear button (three dots) to its right. At the bottom of the form is a blue button with the text 'Log in' in white.

If you already have an account set up with CEP Store (<https://www.cepstore.com.au/>) with the same email address, this email and password will now also work for the SRE Coordinator Community. If you do not remember your password, then clicking on ‘forgot password’ will update your password for both sites.

If you do not have a CEP Store account, the link in the email will take you through the process to create a password which you can then use to log in to the SRE Coordinator Community. Once you have created this password, the same login information will also work for the CEP Store should you ever wish to purchase material from there.

Logging in each time you use the SRE Community

When you need to access your teacher/helper SRE data simply follow the link below and sign into the SRE Coordinator Community.
